REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The claims are allowed because of the applicants' admission (see Interview Summary form dated 4/27/11) that the scope of the claims encompasses devices having branch points or intersections which do not meet the "wherein each of the intersections is defined by an incoming flow, a first outgoing flow perpendicular to the incoming flow, and a second outgoing flow orthogonal to the first outgoing flow" language of claim 1 (and similar language in claim 10) due to the presence of the transitional term "comprising" in the preamble of claims 1 and 10, thus rendering the rejection under 35 U.S.C. 112, first paragraph improper, since the claims admittedly encompass the disclosed invention (which includes such intersections which do not meet the above language).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Allen J. Flanigan whose telephone number is (571) 272-4910. The examiner can normally be reached on M-F.
